

PRESS RELEASE

Royal Haskoning Architects designs new Best Western Hotel at highway location!

In the coming years a new Best Western hotel with 125 rooms, a restaurant and conference center will arise along the highway at the exit Woerden. The hotel is part of the urban plan “the front garden of Woerden” and will form the landmark entrance to the city. Besides the architectural design Royal Haskoning is also commissioned for the preparation of the zoning, the structural engineering, building services and project management.

Royal Haskoning is an international and multidisciplinary firm of consultants, architects and engineers. Its advisory services cover the broad spectrum that encompasses the sustainable interaction between people and their environment in regard to spatial development, infrastructure & transport, building management & consultancy, architecture & building, building services, industrial installations, environment, water, coastal & rivers and maritime. 3200 professionals advise public and private sector organisations all over the world using its experience going back over 125 years.
